About Me

I have a strong interest in new technologies and a constant desire to learn new things. I also possess a broad range of general knowledge and life experiences that I have accumulated throughout my life from working, reading books, and, most importantly, learning from failures. As a result, I have developed various skills and experiences. I have set clear goals and already have plans in place to achieve them in the future.

Education

2019 to 2020: Graduated from 10 January 1979 high school in SIEM REAP.

2020 to 2024: Studying IT (Information Technology) at Royal University of PHNOM PENH.

2024 to 2025: Studying at Korea Software HRD Center in Phnom Penh.

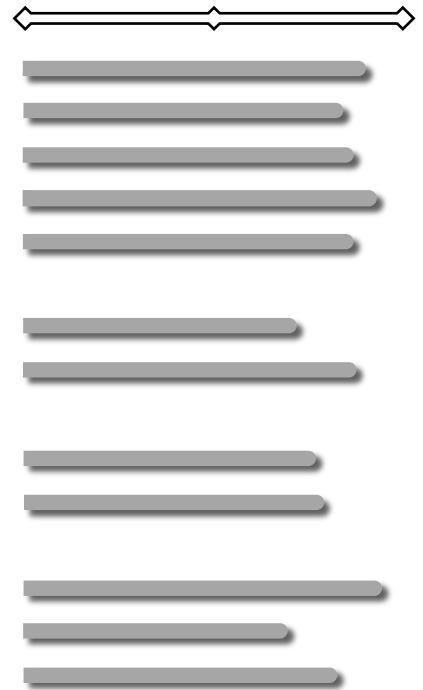

2025 to present: I'm an instructor (teacher) in Korea Software HRD Center in Phnom Penh.

Experiences:

- **Computer Teacher:** I worked as a computer teacher from August 15, 2022, to March 15, 2024. This was my first job, but I gained a lot of experience, such as learning how to teach students effectively and how to explain concepts clearly.
- **Computer Repairing:** I assisted many customers who came to my workplace for Windows setup, and I often diagnosed and resolved errors when they brought their desktops or laptops for repair.
- **Projects:** I have completed several projects, including **Assessify** (an employee evaluation system), **ZenTrio** (a task management system), and **PipeJet** (a platform for automated deployment).
